Principal's Message

We are excited to meet all of our new students and for the school year to start next week. We are looking forward to planning some fun events over the course of the year and working on building school spirit and belonging.

We have fall sports beginning right away, so if your child is interested in playing sports have them check in with Mr. Kramer in his office on 5th Ave.

We are searching for new executive members for our PAC. In particular need is a Treasurer for the next year. Our PAC has a substantial budget and supports many programs for our students. Please consider joining. Our PAC meets in the library from 6:30-7:00ish pm on the last Monday of each month.

Just a reminder to parents of graduates, the school does not sanction events such as grad camp out, grad kidnapping, or other events that are unsupervised. If you are allowing your child to participate in these events please make sure that they are safe.

First Day (1/2 day) for Grade 10s - Sept. 6

After that they will go to their homerooms and will receive up to date schedules, tour the school, run through their blocks to meet their teachers, and have a BBQ burger or hotdog! It's going to be a busy morning! We can't wait to meet you all.

APPENDIX A – FAIR NOTICE

Notice to our Students and Parents/Guardians/Caregivers Quesnel School District Threat Assessment Protocol

The Quesnel School District and our community partners are committed to having safe, caring and inclusive schools. In the event that a student makes a threat of violence or harm to other students, staff or the school community, the school will initiate the Quesnel School District threat assessment protocol.

Violence, Threat and Risk Assessment Protocol

In the event of a serious threat to the wellbeing of students or staff, A Violence, Threat and Risk Assessment Protocol will be initiated.

A threat is an expression of intent to do harm or act out violently against someone or something. They may be verbal, written, drawn, posted on the internet or made by gesture. Threats must be taken seriously, investigated and responded to.

What is the purpose of a threat assessment?

- to ensure the safety of all students, staff, parents and others
- to ensure a full understanding of the context of the threat
- to understand factors contributing to the threat makers' behaviour
- to be proactive in developing an intervention plan that addresses the emotional and physical safety of the threat maker
- to promote the emotional and physical safety of all

What behaviours initiate a VTRA?

A VTRA will be initiated when behaviours include, but are not limited to, serious violence with intent to harm or kill, verbal/written threats to harm/kill others, Internet website/social media threats to harm/kill others, possession of weapons (including replicas), bomb threats, and fire setting.

Duty to report

Staff, parents, students and community members have a duty to report all threat-related behaviours to keep our school community safe.

VTRA Team

Our school has a multi-disciplinary threat assessment team. The team includes principal, vice-principal, district staff, school counsellors and police.

What happens in a student threat assessment?

After a report, the principal will activate the protocol for initial response. The team is activated and interviews may be held with the student(s), the threat maker, parents and staff to determine the level of risk and develop an appropriate response to the incident. Intervention plans will be developed and shared with parents, staff and students as required.

Can someone refuse to participate in a threat assessment process?

It is important for all parties to participate. If someone is reluctant to participate for some reason, the threat assessment process will continue in order to keep our school safe.
