Principal's Message

Term 1 ends on November 9th and Term 1 report cards will be issued sometime during the beginning of the week of November 20-24. If you like to use the Parent Portal to access report cards, please make sure you are able to do so prior to this week, in order to be able to view the report card in a timely manner. This year Gr 10-12 reporting has changed and we no longer will be reporting on Work Habits. Teachers also must provide feedback that will help parents understand what their child needs to do in order to improve their progress in class.

Over the next couple of weeks we will be finishing Fall sports and will begin our Winter sport season. If your child is interested in playing a Winter sport such as basketball or ski/snowboarding, please have them connect with Mr. Kramer, our Athletic Director, to sign up.

We are also moving into the winter season and this can sometimes disrupt bus services. Please keep track of bussing via the SD 28 Transportation Facebook page. Just a reminder that schools are open on days that busses don't run, so it's a great time for students to access extra help and support from teachers. Should a no bus day fall on a Provincial Assessment day, we would continue with the Provincial Assessment as planned and have students who could not make it here due to the bus not running make up the Provincial Assessment at another time. Provincial Assessment dates are controlled by the Province and we don't have any ability to reschedule until a later date.

Upcoming Dates:

Oct. 30 - Nov. 3	Provincial Assessments
Nov. 8	Quesnel Youth Travel Club Meeting @ 6:30 p.m. CSS Library (Central Europe)
Nov. 6 - Nov. 9	Non-Interruption Week

Nov. 27	NI Day
Nov. 28	PAC Meeting @ 6:30 p.m. CSS Library

STILL • FALLING
BY RACHEL ABERLE

On November 15, 2023 many Correlieu students will have an opportunity to learn about mental health. Green Thumb Theatre will present STILL FALLING by Rachel Aberle. This production focuses on mental illness in youth. It “is a realistic, honest and biting funny look at the difference between ‘teen angst’ and mental illness and the ways vulnerable kids can start to find their way out of the dark.” It is an honest look at one person’s experience with anxiety and depression.

At Correlieu Secondary we recognize that anyone can struggle with mental health. This production is one way in which we can start conversations with students about our/their mental health and provide important strategies to help. The purpose of the production is to create awareness and let our students know that there are ways to get help when they need it. We also recognize that this production may be difficult for some viewers. Please contact our Vice Principal (Shane Mummery) if you are concerned about your child seeing this production.

Treatment for COVID-19

There are treatments available for people who tested positive for COVID-19 and who are at higher risk of serious illness and needing hospitalization.

If you test positive, check if you may benefit from treatment. Visit gov.bc.ca/covidtreatments or call 1-888-268-4319

Urgent care

Go to an urgent care clinic or emergency department if you:

- have difficulty breathing
- have chest pain
- can't drink anything
- feel very sick
- feel confused

If symptoms worsen or don't improve, call **8-1-1** or visit a health care provider or urgent care clinic.

Stay home if sick

Stay home and away from others until:

- your fever is gone (without the use of medicines that reduce fever like Tylenol), AND
- you feel well enough to return to daily activities.

Avoid close contact with people at higher risk of severe illness or complications from COVID-19.

If you cannot stay away from others while you have symptoms, take these prevention measures:

- wear a mask indoors
- cover your coughs or sneezes with your elbow
- clean your hands often

If you don't have symptoms, you do not need to stay home or avoid others, regardless of test results.

Managing symptoms at home

Most people can safely manage their symptoms at home.

- Take rest
- Drink lots of water and fluids
- Use a humidifier or hot shower to ease cough or sore throat
- For fever, take medicine like acetaminophen (Tylenol) or ibuprofen (Advil)

Stay home

- Rest and allow yourself to recover.
- Whenever possible, have family, friends, or a delivery service bring food, medication and other supplies to you.
- Avoid close contact with household members who may be at higher risk of severe illness, such as very young children, elderly, and immunocompromised, if possible.
- You can still do essential chores such as checking your mail or walking your dog.

If you need to go out

- It is best to walk, ride a bike, or drive yourself.
- If you travel in a car with anyone (in a taxi or a ride share, or even with someone from your household):
 - Everyone should wear a mask
 - Roll down all the windows
 - Everyone should clean their hands before and after the ride
- If you must take public transit:
 - Wear a mask
 - Clean your hands before and after the ride

If you live with others

- Let everyone at home know you are sick/not feeling well.
- If possible, stay in your own room and use a different bathroom than others.
- If you must be in a room with others:
 - Wear a mask or respirator that covers the nose, mouth and chin to reduce spread.
 - Open windows to increase airflow.
- If eating around others, ensure good respiratory etiquette (cough/sneeze in your sleeve) and avoid close face-to-face contact.
- Everyone should wash hands often with soap and water, or use hand sanitizer.
- If you share a bathroom:
 - Put down the toilet lid before you flush.
 - Turn on the fan or open the window.
 - Clean handles and faucets after each use.
 - Avoid sharing personal items like toothbrushes and towels.
- Clean and disinfect high-touch surfaces such as door handles, light switches, faucets, phones, computers and remote controls.
